

DICE

PERFECTION

What good is **redundancy** that isn't perfect?

A Dealer Central Station that is equipped with DICE Software has the perfect redundant solution for protection.

*30 seconds to move to a backup system
Mirroring to Multiple Computers
Fully Automated Process, no human supervision needed
Mirroring to Multiple Sites
Redundancy for all Dealer functions, CS & Accounting
Mirroring of Customer Service*

DICE is the only provider of this class of a system, and dealers, your business rests in the hands of those who use the term "Fully Redundant" loosely. Ask your central if they use DICE Software. If the answer is no, call the companies listed, because they do!
