

DEALERS! DEALERS! DEALERS!

Stop for a minute and think about what all of the dealer central stations are telling you: We are the fastest - We are the best - We are the future! Does it seem like a lot of boasting without substance? Does it seem like their promises are always "coming soon"?

Centrals using **DICE** software are leaders in their field because we understand that it takes more than flashy words to provide dealers with the tools they need to be successful. A DICE central station not only provides a **premiere monitoring platform**, but an entire suite of features **dedicated to dealer needs** - all very real and working in the field.

- Service dispatch system with interactive maps in REAL TIME
- Web access to your data for modifications done in REAL TIME
- Asset tracking and streaming maps via the internet in REAL TIME
- Live view over the web of your central station signals in REAL TIME
- Wireless PDA access to your data for modifications done in REAL TIME
- Voice automation system to allow you to hear your signals in REAL TIME
- Accounting solutions integrated with your central station data in REAL TIME
- Integrated video and GPS monitoring to provide new revenue sources FOR YOU.

All you have to do is ask one question, "What automation software do you use?" If the answer is DICE you can rest assured that the tools you need to overshadow your competition are ready and available NOW. **Contact one of these DICE Centrals today!**
