

Unlimited Choices

Security Automation Software

DICE Corporation's **Security Automation Software** is the only package in the industry designed to function on **any platform** and with **any database**. We provide scalable turnkey solutions that are custom designed to work where and how you want.

No other software provider in the industry can boast such efficient and integrated packages including Central Station Automation, GPS, Video, Accounting, and Sales and Installation Management, all accessible over the web.

Call us today for a **free** demo and let us show you what DICE has to offer!
