Joint Agreement Leads to Wireless Protection

DICE Corporation announces a joint marketing agreement with Airo Wireless Media, Inc., exclusive North American trade partner of Benefon Oyj of Finland, a manufacturer of mobile telematics devices and GSM+GPS enabled handsets. The agreement allows DICE and Airo to

mobile telematics devices and GSM+GPS enabled handsets. The agreement allows DICE and Airo to

mobile telematics devices and GSM+GPS enabled handsets. The agreement allows DICE and Airo to

jointly market each other's software and telematics products.

"This expansion of the alarm industry will involve selling of airtime and wireless devices to protect people outside of the home," comments Cliff Dice, CEO of DICE Corporation.

"This is a growing market that is presumed to be five times the size of the security industry alone."
